

A graph of a function $y = p_{0,7}(t)$ plotted on a grid. The function is zero for $t < -2$ and $t > 2$, and has a bell-shaped peak centered at $t = 0$ with a maximum value of 1. The grid has vertical lines at $t = -2, -1, 0, 1, 2$ and horizontal lines at $y = 0, 1$.

$$y = p_{0,7}(t)$$
